

Hear Me When I Pray

When I see the savior
Suffer as payment for my sins
I know that he loves me
Promising joy and hope within
Mothers and Fathers
He told us he's the only way
And so there's just one thing to say
Lord I know you hear me when I pray

Lord I know you hear me
You hear me when I pray
Even when I can't seem to find all the words to say
Even when it feels like you don't answer right away

Lord I know you hear me
Hear me when I pray

When I see the children
Who don't have a place to live
I want to help them
But they need more than I can give
Lord I will call you
Because I know you care
And I know you'll be right there
Lord I know you hear me when I pray
